Reputation Management SEO WARNING! They might contact you next!

Gil Cohen is a lying deceptive manager and agent. He abuses his employees and agents and keeps money from the company to fund his addiction to prostitutes and cars. I witnessed Gil and his team of "managers" take agency money to go to dinners and rent town cars. Gil withholds employee payout and keeps his managers bonuses. He won't even let his staff take vacation time. I was scared to death of losing my job when I worked for him. Gil slept his way to the top. He was given the agency by, then President, Lisa Weber. Once he got what he wanted out of her, he dumped her, for a 23 year old. I once witnessed him and his partner, Ghias Ali, walk into a strip club for a "company meeting" I mean, I don't even go to the clubs for lunch! He's only out for himself and will stop at nothing to destroy anyone in his path.

Perhaps if you had put more of our money back into our agency and not paid yourself such an gigantic paycheck and not bought a car a month and worked from time to time you wouldn't have so many disgruntled employees. That is a plural word. I can not believe what a good company do to protect a bad manager. Open your eyes and see what you have done.

Rebuttal to "ridiculous" report

AUTHOR: Anonymous - (United States of America)

SUBMITTED: Thursday, February 14, 2013

The original Ripoff report is far from ridiculous. In fact, Gil Cohen is worse than even mentioned. He must be the author of "ridiculous" himself because he is notorious in the industry to be untrustworthy, conniving and heartless.

His terrible reputation in the industry goes way beyond MetLife. I can say this being neither a disgruntled or terminated employee. It is merely the Gods honest truth. He would stab his own mother in the back if it benefited him financially.

Gil can try to make this report go away, but he has srewed over way too many people and is HATED by many

Totally Ridiculous!

AUTHOR: Anonymous - (United States of America)

SUBMITTED: Wednesday, February 13, 2013

You forgot to mention that Gil used to be a circus performer in his teenage years and was often seen with clown dancers and it was rumored that he was in a love triangle with The Bearded Lady and a Billy Goat. This period was followed by a quick stint as a brain surgeon however suing himself when he accidentally removed his own brain. Unfortunately this sent him into a dark period when he married a monkey in Malaysia but left her when he was abducted by aliens. I know Gil and nothing in the report is accurate. I would totally trust him with my money, however not to operate on my brain. The author of this report should however since clearly he is suffering from brain damage! Wow this is not right but so easy!

Ridiculous report by disgruntled terminated employees

AUTHOR: Anonymous - (United States of America)

SUBMITTED: Wednesday, February 13, 2013

I just read the following statements and it is one of the most ridiculous claims I have read. Someone that took the time to write such false and ludicrous claims about Gil Cohen and the organization must be someone that was either terminated by the company or has enough time on their hands to come up with absolute lies.

Ive dealt with Gil Cohen and his organization for many years and always hear nothing but praises from associates, colleagues, and partners in the community. Gil is committed to giving back to South Florida. He has been awarded various community awards for his strong leadership and community involvement.

The fact that someone feels the need to make such false statements really shows the lack of character from the writer of this document. I have referred many people to work with and partner with Gil as I believe he is one of the strongest leaders in the industry.

Statements like the one above should simply be ignored and frowned upon.

REBUTTAL BOX™ | Respond to this Report!

I just saw the Ripped Off Report on Gil Cohen and it is true. I also witnessed how horrible and vicious Gil really is in the Miami office when he fired manager Mike Suter for no reason except to put money in his own pocket, we were sick to our stomachs for Mike, his family and ourselves.

Mike Suter was there to help all of his agents with their careers both business and personal. After Mike was

fired, Gil put his partner Ghias Ali in charge of the Miami office. This was a disaster. We never saw either one of them b/c neither one of them were ever there. Everyone was left to fend for themselves w/ no manager. We were told by many that Ghias was too busy running his restaurants instead of working for MetLife. Yet they both took enormous salaries from MetLife.

Sadly, Mike Suter died of a stress induced heart attack at the young age of 55 shortly after Gil destroyed his life and demoted him. We all think Gil was a big part of the stress that helped kill Mike.

Gil Cohen destroyed the office in Miami. I can't believe MetLife allows this to continue. Gil Cohen is making a fool of MetLife and their good name. Gil is a GIANT liar and has deceived so many.

AUTHOR: Wowthisiscrazy - ()

SUBMITTED: Wednesday, July 10, 2013

I just want to say that Mike Suter was an amazing person. He truly loved his team, every day was a good day for Mike. Mike was always willing to take time to teach, listen, counsel, and be present. We all know what Gil did to Mike, it was horrible. But we need to remember that Mike was a kind loving person and someone as small as Gil could never destroy a heart as big as Mike's. Don't worry so much people. Gil Cohen will get what is coming to him. MetLife is a good company and will
